PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate with hands-on experience in full-stack web development and AI-based applications. Skilled in Java, SQL, OOP, JavaScript, and React with a strong foundation in data structures and problem-solving. Built and deployed live projects including an AI-powered career coaching platform and an e-commerce website. Passionate about building scalable applications and continuously improving technical expertise.

EDUCATION

Bachelor of Technology in Computer Science Galgotias University, Greater Noida	<i>2022 - 2026</i> 75.9%
Senior Secondary Education (Science) Saraswati Vidya Mandir School, CBSE	<i>2021 - 2022</i> 87.17%
Secondary Education (Class X) Ingraham English School, CBSE	<i>2019 - 2020</i> 82.8%

PROJECTS

AI Career Coach — Live Project

- Developed an AI-based career coaching platform that helps users build professional resumes, analyze industry growth trends, and assess skills through mock quizzes.
- Implemented a resume builder module to generate structured, job-ready resumes tailored to user profiles.
- Integrated industry growth analysis to provide insights into trending career domains and future job opportunities.
- Designed mock quizzes to evaluate user knowledge and support skill improvement and interview preparation.

E-Commerce Site

- Implemented product management functionality to add, update, delete, and manage product listings with pricing and inventory details.
- Developed a cart and checkout system enabling users to add products, manage quantities, and view order summaries before purchase.
- Built order processing features to place orders, store purchase details, and track order status from checkout to delivery.
